

Long Island Hebrew Academy

Description:

LIHA is a modern Orthodox, co-educational elementary school that will educate the students of our community. Heris to a fine Jewish tradition, the founders recognize their responsibility to channel our rich values to our young generation.

We recognize the need for balanced education and family values. We believe that a school must focus on the needs of the students and be committed to their total development. We are confident that with a solid education, our children will embrace Jewish values and succeed in all their endeavors.
